

School Games is a national programme, funded by the government, which tries to give all young people positive experiences of sport and physical activity.

How to get a free kin-ball session in your school;

- 1) Select a group of Y5/6's to be your pupil voice
- 2) Tell them about School Games. [This page may help?](#) [This video may help?](#)
- 3) Ask them about what School Games events they have experienced already and how School Games might help them and others.
- 4) Tell them about kin-ball. [Maybe show them this video?](#)
- 5) Explain that there is the opportunity to have a kin-ball session delivered in your school. Ask them if they would prefer;
 - a. a half day session for 12-30 Y5/6 pupils having one long session, playing with the balls, learning how to play and having an inter-house competition,
 - b. a half day session for 3 different groups each having a short session getting to play some team building games with the balls,
 - c. neither but they would like to come to different School Games event from our calendar.
- 6) Send in your application form (below) before the end of Term 3 (**9th Feb**).
If selected (we are looking to offer 8 free events), dates will be agreed and you,
- 7) Add the event to your dashboard before I arrive on the day (I can guide you through this if you've not done this before, it takes 2 minutes).
- 8) Allow me a 5 minute chat with your Head Teacher on the day to introduce myself and School Games.
- 9) After the day send me a photo of the event and your newsletter or similar telling your parents about this School Games event.
