

KS2 FOOTBALL

HOW TO ENTER

You Spoke:

- 87% of PE Coordinators and 55-58% of young people told us that they would like to take part in multi-skill or football type challenges.

We Listened:

- Here is a 4 challenge series for all KS2 pupils.

Minimal equipment - Covid secure - Maximum participation - Easy to set up & run
- Clear instruction sheets - Video guides - Personal challenge for ALL -
Linked to School Games values - A chance for all to help lead - Easy to use for
inter-house or inter-form competition - A chance for your best to compete
against other schools.

1. Use the easy to follow guides and videos to set up the 4 activities found at <https://www.agilitassports.com/backtoschoolgames>
2. Record scores on the 'School Score Sheet'.
3. Email us your Top Teams for Y3/4 and/or Y5/6 (the combined total score for your best 5 boys and 5 girls) using the 'Entry Form'.
4. We will send participation and School Games values e-certificates for you to present.
5. We will judge the local inter-school winning teams and provide winning e-certificates plus medals for winning silver/gold/platinum partner schools.
6. There is no need to enter Y3/4 AND Y5/6. You might chose to offer to all or some.
7. We have set 4 different size categories so schools can 'compete' against those of similar size.

Please contact Rupert Gibson, School Games Organiser via agilitassports@gmail.com if you have any questions or problems.

Good luck and have fun.
